

BARNYARD BINGO

For each playing card, xerox one copy of this sheet. Cut apart the pictures below and glue them to an 8½" square of construction paper. Arrange pictures in a different sequence on each card. Write animal names on small pieces of paper to play. One person draws animal names (place papers with animal names face down on table or in small container) and calls them out to the players. They cover each animal's picture as the name is called (use buttons, beans, paper squares, or other markers). First player to cover 5 animals in a row is the winner. Cards will be more attractive and last longer if colored and covered with clear contact paper or laminated.

ANIMAL NAMES: *Cat, chick, pig, cow, bee, crow, kid, colt, kitten, goose, lamb, dog, rabbit, horse, turkey, donkey, puppy, duck, piglet, mouse, chicken, earthworm, sheep, calf, goat.*
