

Protect Seals Campaign Pledge

We are pleased to join The Humane Society of the United States (HSUS) in its campaign to end Canada's commercial seal hunt — the largest and most brutal slaughter of marine mammals on Earth.

This year, more than 300,000 seal pups will be clubbed and shot to death off Canada's East Coast. As a result, and after years of diplomacy have failed, The HSUS is reluctantly calling for an American boycott of Canadian seafood products with the aim of motivating Canada's fishing industry to end its engagement in and support of the commercial seal hunt. In support of this campaign, we pledge to reduce or end our sale of Canadian seafood until Canada ends its commercial seal hunt. We're proud to have The Humane Society of the United States promote our company as a compassionate supporter of the Protect Seals campaign. I represent to HSUS that I have full authority to give permission for the name of this company or other business entity to appear in this HSUS advertising campaign.
