

Word Scramble: Recommended for grades five through seven.

Most people really don't know a lot about farm animals. They aren't aware that cows, pigs, sheep, goats, and chickens are very interesting. But the truth is that each of these animals have their own unique personalities. And these animals are naturally very active and social. They love to explore and play. A lot of people also don't know that farm animals are sensitive, too. They need plenty of attention and care. To find out more about them, unscramble the letters in the mixed up words below, and write the correct letter in each blank. *The answers are written upside down on the back of this page.*
