### REGISTRATION.

A research facility which goes out of business or which ceases to function as a research facility, or which changes its method of operation so that it no longer uses, handles, or transports animals, and which does not plan to use, handle, or transport animals at any time in the future, may have its registration canceled by making a written request to the AC Regional Director. The research facility is responsible for reregistering and demonstrating its compliance with the Act and regulations should it start using, handling, or transporting animals at any time after its registration is canceled.

\*\*\* On October 16, 2009 at 10:00am, an attempt was made to conduct a routine inspection. However, AFG Biosolutions was in the process of vacating the premises. According to a representative of the company, AFG Biosolutions will cease all business functions on October 21, 2009. A research facility must notify the AC Regional Office of any change in operation, to ensure compliance with the Animal Welfare Act regulations, and standards. The registrant must submit to the AC Eastern Regional Director a written request to cancel the registration. Correct by October 26, 2009

**2.38** (b) (1)

### MISCELLANEOUS.

Access and inspection of records and property.

Each research facility shall, during business hours, allow APHIS officials to inspect and photograph the facilities, property and animals, as the APHIS officials consider necessary to enforce the provisions of the Act, the regulations and the standards. A responsible adult shall be made available to accompany APHIS officials during the inspection process.

\*\*\*On October 16, 2009 at 10:00am the registrant failed to have a responsible person available to conduct an animal welfare inspection. The research facility could not be inspected for compliance with the Animal Welfare Act, regulations and standards to ensure the health and well-being of the animals. This is the FIRST ATTEMPTED INSPECTION. A responsible person must be available to accompany the inspector on an animal welfare inspection. Correct immediately. NOTE: Please contact me at 240-449-0153 if you have any questions.
