2.31 (e) (4)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

2.31(e)(4) - A proposal to conduct an activity involving animals, or to make a significant change in an ongoing activity involving animals, must contain the following: A description of procedures designed to assure that discomfort and pain to animals will be limited to that which is unavoidable for the conduct of scientifically valuable research, including provision for the use of analgesic, anesthetic, and tranquilizing drugs where indicated and appropriate to minimize discomfort and pain to animals. Study # 1524-G140 states that pain relief will be given as needed. A more complete description of the indications for pain relief must be included in the protocol. This is needed in order for the IACUC to evaluate whether the animals are receiving adequate post procedural pain relief.

Correct by: 7-3-07.

Inspection conducted with Kurt Hammel and the study director, manager and compliance coordinators. Exit interview conducted with Kurt Hammel the study director, testing facility management, manager and compliance coordinators.
