2.31 (d) (1) (i)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

2.31(d)(1)(i) - IACUC review of activities involving animals....Further, the IACUC shall determine that the proposed activities or significant changes in ongoing activities meet the following requirements: Procedures involving animals will avoid or minimize discomfort, distress, and pain to the animals. The inspector observed two animals on protocol 1252-010 (320 & 316) that were suffering from significant alopecia. Protocol 1252-010 involves the administration of a drug that includes a known possible side effect of self induced alopecia and other possible stereotypical behaviors. This information was not included in the protocol reviewed by the IACUC. This information must be included in order for the IACUC to determine that the measures taken to help minimize these effects are appropriate.

Correct by: 11-1-07

2.33 (b) (2)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.

2.33(b)(2) - Each research facility shall establish and maintain programs of adequate veterinary care that include: The use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries, and the availability of emergency, weekend, and holiday care. An animal welfare concern report was reviewed involving a dog that was documented as "was non-responsive, breathing agonal, material in pan red" at 11:13 AM. This animal was documented as dying at 12:02 PM during preparation for necropsy. This animal did not receive euthanasia to relieve its pain and suffering in a timely manner. Animals that are noted to be in moribund condition must be treated in a prompt manner unless scientific justification for withholding treatment has been submitted in writing by the principle investigator and approved by the IACUC.

Correct by: Correct immediately.

Inspection and exit interview conducted with Kurt Hammel and various company officials.
