**MISCELLANEOUS.**

Each research facility shall, during business hours, allow APHIS officials to enter its place of business, to examine records required to be kept by the Act and the regulations in this part, to make copies of the records, to inspect the facilities, property, and animals, as the APHIS officials consider necessary to enforce the provisions of the Act, the regulations, and the standards.

On 1 December 2008 at approximately 1:00 - 1:30 pm the registrant failed to have a responsible person available to conduct an animal welfare inspection. This is the first attempted inspection.

The registrant's facility was not able to be inspected for compliance with the Animal Welfare Act, regulations and standards to ensure the health and wellbeing of the animals.

A responsible person must be available to accompany the inspector on an animal welfare inspection.

Correct immediately.

Note: If your hours of availability have changed, please contact me at 240-475-7124 or at [debra.m.sime@aphis.usda.gov](mailto:debra.m.sime@aphis.usda.gov) and leave a message.

End of report.

**2.33 (a) (1) REPEAT**

**ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.**

Each research facility shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the research facility.

The facility did not have the veterinarian update the program of veterinary care to include the voles present at the facility.

The facility needs to have the program of veterinary care updated to reflect the animals at the facility to ensure that the facility follows the program which will ensure the health and wellbeing of the animals.

Update the program of veterinary care. This affects 100 animals indirectly.

Inspection conducted with Biology Chair.

Exit interview conducted with IACUC Chair.

End of report.
