2.27 (a)

NOTIFICATION OF CHANGE OF OPERATION.

(a) A registrant shall notify the AC Regional Director by certified mail of any change in the name, address, or ownership, or other change in operations affecting its status as an exhibitor, carrier, or intermediate handler, within 10 days after making such change

In regards to the Annual Report submitted by this registrant on 9-25-06, the AC Regional Director had responded on November 15, 2006 that the name of the signing official was not in the USDA's official file. He returned this report to the registrant for the Chief Executive Officer to re-sign and re-date. The person who had signed and dated the Annual Report was the Interim Institutional Official, and he is now the current Institutional Official. However, the AC Regional Director has not, as of yet, been notified, in writing, of this change in operations. Any change in the name, address, or ownership or other change in operations affecting its status must be made within 10 days of such change.

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

*** (3) Prepare reports of its evaluations conducted as required by paragraphs (c)(1) and (2) of this section, and submit the reports to the Institutional Official of the research ...The reports shall be reviewed and signed by a majority of the IACUC members and must include any minority views***

A review of the protocols and IACUC Meeting Minutes revealed that there were no signatures from each of the IACUC members approving these protocols and minutes. During the April 18, 2007 IACUC meeting, the protocols were "reviewed and approved" by the Committee. However, only the signature of the IACUC Chair appears at the bottom. Reports shall be reviewed--and signed--by a majority of the IACUC members and must include any minority views
