MORRIS CORP CENTER 2

Type: ROUTINE INSPECTION

PARSIPPANY, NJ 07054

Date: Jun-26-2008

3.28 (c) (1) (iii)

PRIMARY ENCLOSURES.

3.28(c)(1)(iii) - (c) Space requirements for primary enclosures acquired on or after August 15, 1990

(1) Guinea pigs.

(iii) Each guinea pig shall be provided a minimum amount of floor space in any primary enclosure as follows:

Weight or stage of maturity	Minimum floor space in ² cm ²
Weaning to 350 grams	60 387.12
>350 grams.	101 651.65
Nursing females with their litters	101 651.65

Guinea pigs housed in room 331 are in enclosures that are too small for the amount of guinea pigs housed in them. All four bins provided 834.25 square inches of floor space. This is enough floor space to house 8 guinea pigs per bin. These bins contained 12, 14, 12 and 14 guinea pigs, respectively. These guinea pigs require more space to provide for their health and comfort.

Correct by: Corrected at the time of inspection.

Inspection and exit interview conducted with Kurt Hammel and the Manager of Biological testing, QA/Compliance Auditor #3 and Senior Director Quality Control.

2.30 (a) (1)

REGISTRATION.

2.30(a)(1) - Each research facility other than a Federal research facility, shall register with the Secretary by completing and filing a properly executed form which will be furnished, upon request, by the AC Regional Director. The registration form shall be filed with the AC Regional Director for the State in which the research facility has its principal place of business, and shall be updated every 3 years by the completion and filing of a new registration form which will be provided by the AC Regional Director. Except as provided in paragraph (a)(2) of this section, where a school or department of a university or college uses or intends to use live animals for research, tests, experiments, or teaching, the university or college rather than the school or department will be considered the research facility and will be required to register with the Secretary. An official who has the legal authority to bind the parent organization shall sign the registration form. The facility is conducting research without a valid registration. This is a violation of section 2.30(a)(1). No covered activities are permitted without a valid registration.
