2.38 (b) (1)

MISCELLANEOUS.

(1) Each research facility shall, during business hours, allow APHIS officials:

- (i) To enter its place of business;
- (ii) To examine records required to be kept by the Act and the regulations in this part;
- (iii) To make copies of the records;
- (iv) To inspect the facilities, property, and animals, as the APHIS officials consider necessary to enforce the provisions of the Act, the regulations, and the standards in this subchapter; and
- (v) To document, by the taking of photographs and other means, conditions and areas of noncompliance.

On June 3, 2009 at 11:15am the registrant did not have a responsible person available to conduct an animal welfare inspection. Routine inspections are important to ensure the health and well-being of the animals.

Please contact this inspector at (732) 297-3515 as to your availability.

Note: This is the transcribed version of the original handwritten inspection report that was created on 6/3/09.

2.31 (c) (3)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

(c) IACUC Functions. With respect to activities involving animals, the IACUC, as an agent of the research facility, shall: (3) Prepare reports of its evaluations conducted as required by paragraphs (c) (1) and (2) of this section, and submit the reports to the Institutional Official of the research facility; The reports shall be reviewed and signed by a majority of the IACUC members and must include any minority views..... Any failure to adhere to the plan and schedule that results in a significant deficiency remaining uncorrected shall be reported in writing within 15 business days by the IACUC, through the Institutional Official, to APHIS and any Federal agency funding that activity;

The program review and facility inspection conducted April 11, 2007 by members of the IACUC did not include minority views in the report to the Institutional Official (I.O.). Deficiencies identified by IACUC members were not included in the report to the I.O nor were they addressed by the IACUC. The IACUC must address all concerns raised by its' members during the semi-annual program review/facility inspections. If a resolution can't be reached, the report to the I.O. should contain a minority view.

2.31 (d) (1) (ii)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

The principal investigator has considered alternatives to procedures that may cause more than momentary or slight pain or distress to the animals, and has provided a written narrative description of the methods and sources, e. g., the Animal Welfare Information Center, used to determine that alternatives were not available.

There are three protocols that do not have dates listed for when their alternative searches were conducted: #I07-108-10, #I07-048-4, #I07-045-3. A complete description of the methods and sources used to conduct the alternatives search must be provided within the protocol.

Correct Immediately

This inspection was conducted at the UMDNJ Piscataway location.

2.31 (d) (5)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

IACUC review of activities involving animals. The IACUC shall conduct continuing reviews of activities covered by this subchapter at appropriate intervals as determined by the IACUC, but not less than annually.

- Protocol I07-048 is an orthopedic study using sheep. It states that Marcaine and epinephrine will be administered intra-articularly immediately prior to surgery. There is no record that animals #21059 and #21064 received these injections.

The IACUC needs to ensure that the approved protocol is being followed.

Correct Immediately

2.33 (b) (2)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.

Each research facility shall establish and maintain programs of adequate veterinary care that include the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries.

The following expired medication was noted: 1 bottle of Cetacaine spray expired 06/08.

The use of expired medication is not considered adequate veterinary care. The bottle was immediately disposed of in the sharps container.
