ANNUAL REPORT.

Section 2.36(b)(5) Annual report: The annual report shall state the common names and the numbers of animals upon which teaching, research, experiments, or tests were conducted involving no pain, distress, or use of pain-relieving drugs. Routine procedures (e.g., injections, tattooing, blood sampling) should be reported in this group.

The facility used 6 mink and about 32 muskrats in studies during fiscal year 2008 involving no accompanying pain or distress to the animals. These animals were not reported on the Annual Report. The 2008 Annual Report needs to be amended and submitted to the Eastern Regional Office to report the number of mink and muskrats used in Column C.
