2.31 (d) (1) (ii)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Item IACUC 2.31 d 1 ii

The IACUC shall insure a principal investigator has considered alternatives to procedures that may cause more than momentary or slight pain and has provided a written narrative description of the methods and sources used to determine none were not available

For the study involving rabbits the investigator is performing intravitreal injection in the eye under anesthesia. The investigator did not consider alternatives to this painful procedure.

The investigator needs to consider alternatives to the painful procedures and provide a list of the sources consulted to indicate none were available

Correct by 2/20/08

2.31 (e) (2)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Item IACUC 2.31 e 2

The IACUC shall insure a proposal to conduct an activity on animals contain a rational for involving animals and for the appropriateness of species and the numbers of animals to be used.

The facility has an approved protocol for rabbits, the investigator did not provide a rational for the use of rabbits.

The Investigator needs to provide a rational for the appropriateness of the species being used.

Correct by 2/20/08

2.33 (a) (1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.

Item Veterinary Care 2.33 a 1

Each research facility shall employ an attending veterinarian under formal arrangements. In the case of a part time veterinarian the formal arrangements shall include a written program of veterinary care

The facility switched from a full time veterinarian to a consulting veterinarian, the facility did not have a written program of vet care that could be reviewed at the time of inspection

Facility needs to insure that a written program of veterinary care is completed by the consulting veterinarian and
