### 2.33 (a) (1)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.

Each research facility shall have an attending veterinarian who shall provide adequate veterinary care to its animals in compliance with this section:

(1) Each research facility shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care.

1) Section III of the current program of veterinary care does not list the voles now present at the facility.

It is important to the health and welfare of the animals that the attending veterinarian acknowledge the animals under his/her care.

### 2.31 (b)

#### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

IACUC Membership.

(Also refer to Policy 15, IACUC Membership)

- (1) The members of each Committee shall be appointed by the Chief Executive Officer of the research facility;
- (2) The Committee shall be composed of a Chairman and at least two additional members;
- (3) Of the members of the Committee:

- (i) At least one shall be a Doctor of Veterinary Medicine, with training or experience in laboratory animal science and medicine, who has direct or delegated program responsibility for activities involving animals at the research facility;

- (ii) At least one shall not be affiliated in any way with the facility other than as a member of the Committee, and shall not be a member of the immediate family of a person who is affiliated with the facility. The Secretary intends that such person will provide representation for general community interests in the proper care and treatment of animals;

- (4) If the Committee consists of more than three members, not more than three members shall be from the same administrative unit of the facility.

- 1) The community member of the IACUC has not attended either of the last two meetings:  
December 2007 & May 2008.

It is important to the welfare of the animals and the integrity of the IACUC that a community member be present at its meetings.

Correct by the next meeting of the IACUC.

### 3.131 (c)

#### SANITATION.

Housekeeping. Premises (buildings and grounds) shall be kept clean and in good repair in order to protect the animals from injury and to facilitate the prescribed husbandry practices set forth in this subpart.

- 1) Cobwebs in one corner of the Peromyscus room can serve as a source of disease agents.

This noncompliance was corrected immediately.
