Date: Feb-19-2008

BRONX, NY 10461

**2.31** (d) (1) (ii)

### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Item IACUC 2.31 d 1 ii

The IACUC shall insure the principal investigator consider alternatives to procedures that cause more than momentary pain and provided a list of sources consulted to determine none were available  
For protocol 20071101 the protocol involves an intracranial cannulae procedure the investigator did not consider alternatives for this painful procedure.

The IACUC needs to insure the principal investigator consider alternatives for the painful procedures and provide a list of sources consulted that none were available.

Correct by 3/30/08

**2.31** (d) (7)

### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Item IACUC 2.31 d 7

If the IACUC suspends an activity involving animals the institutional official in consultation with the IACUC shall review the reasons for suspensions for suspension take appropriate corrective action and report that action with a full explanation to APHIS and any other federal agency.

In reviewing records of the the IACUC it was noted that in OCT 07 the IACUC suspended protocol 20060705. The IACUC failed to notify APHIS of this action.

The IACUC needs to notify APHIS when its suspends a protocol and provide a full explanation of the incident.

Correct from this day 2/19/08

**2.33** (b)

### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.

Item Veteriary Care 2.33b

Each research facility shall maintain a program of adequate veterinary care.

One bottle of outdated Sterile water exp 2/1/08 was found at time of inspection

Facility needs to review monitoring procedures in order to maintain proper veterinary care.

Correct from this day 2/19/08

**3.56** (c)

### **SANITATION.**

Item Housekeeping 3.56c

Premises shall be kept clean and in good repair to facilitate good husbandry practices.  
Surgery floor in Ullman bldg has rust stains due to the oxygen tanks and needs to be cleaned.  
Surgery ceiling in Ulman bldg has areas that are peeling and need to be repaired.  
The dirty side of the cage washer door has a cracked window that needs to be repaired.  
Facility needs to clean and repair surfaces in order to maintain proper husbandry practices  
Correct by 4/15/08

**3.81** (c) (2)

### **ENVIRONMENT ENHANCEMENT TO PROMOTE PSYCHOLOGICAL WELL-BEING.**

Item Environmental Enhancement 3.81 c 2

Dealers, exhibitors, and research facilities must develop document and follow an appropriate plan for environment enhancement for non-human primates. Certain primates msut be provided special attention regarding enhancement for example thoise that show signs of being in psychological distress.  
At the time of inspection one primate C30024 was noted to have hair loss, a check of the records showed the animal had a hair picking problem. The Plan does address how to deal with this abnormality but the records does not show the continuity for the treatment, between Feb 1 08 and Feb 6, 08 .  
The enrichment plan needs to be documented on a daily basis in particular if their are special considerations.  
Correct by 3/1/08
