2.31 (e) (1)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

2.31 (e) (2)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Section 2.31(e) A proposal to conduct an activity involving animals, or to make a significant change in an ongoing activity involving animals, must contain the following: (1) Identification of the species and the approximate number of animals to be used

Section 2.31(e) A proposal to conduct an activity involving animals, or to make a significant change in an ongoing activity involving animals, must contain the following: (2) A rationale for involving animals, and for the appropriateness of the species and numbers of animals to be used.

- 1. Review of Animal Use Protocol that described a dietary lipid study involving hamsters.
- a. The proposal failed to clearly identify the approximate number of animals to be used. [Section 2.31(e)(1)]
- The proposal failed to provide a rationale for the number of animals to be used. [Section 2.31(e)(2)]

The Institutional Animal Care and Use Committee should ensure that a proposal to conduct an animal activity includes a description of the approximate number of animals to be used. The IACUC should ensure that a proposal includes the required rationale for the number of animals to be used. All procedures must be reviewed and approved by the IACUC to ensure the appropriate care and use of the animals.

2.32

(c) (4)

PERSONNEL QUALIFICATIONS.

Section 2.32(c) Training and instruction of personnel must include guidance in at least the following areas: (4) Methods whereby deficiencies in animal care and treatment are reported, including deficiencies in animal care and treatment reported by any employee of the facility.

 The research facility failed to establish training and instruction of personnel for reporting concerns involving the care, use, and treatment of the animals in the facility.

The research facility should ensure that training and instruction of personnel include guidance for reporting noncompliance involving the care, use, and treatment of the animals in the facility.
