2.38 (b) (1)

MISCELLANEOUS.

2.38 (b) (1) - "Each research facility shall, during business hours, allow APHIS officials: (i) To enter its place of business; (ii) To examine records required to be kept by the Act and the regulations in this part; (iv) To inspect the facilities, property, and animals, as the APHIS officials consider necessary to enforce the provisions of the Act, the regulations, and the standards in this subchapter; and (v) To document.....conditions and areas of noncompliance."

1. The inspector arrived at the research facility at 11:30 AM on 11/15/07 to conduct an AWA inspection. Both of the facility designated contact personnel for the purpose of a USDA inspection were not present at the facility on this day. An inspection could not be conducted because there was no other person available on the premises who was familiar with the inspection process and could accompany the inspector and permit an inspection.

Unannounced inspections to determine compliance with the provisions of the AWA are required to assess the facility and the animals. Correct from this date forward.

NOTE - This is the first Attempted inspection of the Registrant.
