### 2.8

#### NOTIFICATION OF CHANGE OF NAME, ADDRESS, CONTROL, OR OWNERSHIP OF BUSINESS.

A licensee shall promptly notify the AC Western Regional Director by certified mail of any change in the name, address, management, or substantial control or ownership of his business or operation, or of any additional sites, within 10 days of any change.

Rabbits are now housed at an off site facility . USDA has not been notified of the new site. Written notice must be sent to the USDA Western Regional Office within 10 days of adding the new site.

Date: Jun-11-2009

KERRVILLE, TX 78028

### 3.50 (d)

#### FACILITIES, GENERAL.

(c) Storage. Supplies of food and bedding shall be stored in facilities which adequately protect such supplies against infestation or contamination by vermin.

There is an open bag of rabbit feed in the feed storage trailer. Feed kept in open bags may be contaminated by vermin or other contaminants harmful to the animals. All open bags shall be placed in containers with lid to prevent contamination by vermin.

Correct By : 6-15-09

### 3.56 (a)

#### SANITATION.

(a) Cleaning of primary enclosures. (1) Primary enclosures shall be kept reasonably free of excreta, hair, cobwebs and other debris by periodic cleaning.

There is a build up of feces under the rabbit cages and this extends into the aisle way of the rabbit barn . Facility caretaker stated it had been several months since the ground under the hanging cages was raked. Feces need to be removed on a more frequent schedule to prevent a build up to maintain husbandry .

Correct By : 6- 18-09

Inspection was conducted with rabbit facility caretaker and Dr. Pannill - USDA

Date: Apr-17-2008

---

(3 ) If primary enclosures are equipped with wire or mesh floors, the troughs or pans under such enclosures shall be cleaned at least once a week. If worm bins are used under such enclosures they shall be maintained in a sanitary condition .

Feces are building up on the ground under all rabbit enclosures in the facility. Owner of the rabbitry stated the ground under the enclosures was last cleaned about 6 months ago. The area under all rabbit enclosures shall be cleaned at least weekly . Cleaning at such frequency will prevent odors and a pest problem and provide a healthier environment for the rabbits.

Correct By : 4-24-08
