**2.38** (b) (1) (ii)

### MISCELLANEOUS.

(b) Access and inspection of records and property. (1) Each research facility shall, during business hours, allow APHIS officials:

- (i) To enter its place of business;
- (ii) To examine records required to be kept by the Act and the regulations in this part;

--The inspector could not enter the location where the records were kept as no responsible person was available to give access to the location at approximately 14:30 on 4-23-09. A full evaluation of the research facility cannot be completed without access to the records required to be kept, so they can be evaluated. The research facility shall ensure that all required records can be accessed by the inspector for all future inspections.

To be corrected by 5-7-09, by ensuring an effective procedure is established to provide access to required records when the inspector performs the required unannounced inspections.
