ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.

Each research facility shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the research facility.

It has been over one year since the attending veterinarian has made a visit to the facility as required by the program of veterinary care. Such visits may be fulfilled by attending IACUC meetings, participating in semi-annual inspections, or in any other manner which represents veterinary participation in the animal care and use program. A veterinary visit should occur as soon as possible, but at least by the next IACUC meeting.

An exit interview was conducted with the registrant.

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

IACUC FUNCTIONS The IACUC shall review, at least once every six months, the research facility's program for humane care and use of animals, using title 9, chapter I, subchapter A-Animal Welfare, as a basis for evaluation.

***The semi-annual program review was not completed by the committee during the fall/winter 2008 time frame as it should have been making the time interval between reviews much more than the required 6 months. The committee must ensure that it completes all requirements in a timely fashion. Correct for all future activities.

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

"(semiannual)..reports (to the IO) must distinguish significant deficiencies from minor deficiencies. If program or facility deficiencies are noted, the reports must contain a reasonable and specific plan and schedule with dates for correcting each deficiency."

***The October 22, 2007 semiannual report to the IO lists 1 minor and one significant deficiency relating to the animal care and use program. There is, however, no specific plan or date for correction mentioned. Compliance with federal regulations and program requirements is best achieved with a documented plan for correction and a deadline for completion. These items must be reviewed, finalized and documented by or at the next IACUC meeting .
