2.31 (c) (3)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

The IACUC shall prepare reports of its evaluations conducted as required by paragraphs (c)(1) and (2) of this section, and submit the reports to the Institutional Official. The reports shall be reviewed and signed by a majority of the IACUC members.

***The most recent reports to the IO of the IACUC's semiannual evaluations were submitted separately. The program review was completed by three members and the report was signed by those members and submitted to the IO in November 2009. Three signatures represents a majority of the IACUC membership. The facility inspection was conducted by two members and the report was signed by those members and submitted to the IO in February of 2010. Two members does not represent a majority of the committee.

In the future, all reports to the IO of semiannual evaluations must be reviewed and signed by a majority of IACUC members.

2.40 (b) (1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

Each research facility shall establish and maintain programs of adequate veterinary care that include the availability of appropriate facilities, personnel, equipment, and services (and)..the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries.

***There was an emergency kit on site, available for use, however the majority of the drugs contained in the kit were expired. There were 3 bottles of epinephrine with expiration dates of 11/09, 1/08, and 5/08; 1 bottle of dopamine with an expiration date of 9/09; 1 bottle of lidocaine with an expiration date of 6/09; and atropine with an expiration date of 8/08. Additionally, no list of drug dosages and/or uses for the drugs in the kit could be found on site. Advance planning is especially important when animal use occurs in remote field locations with a veterinary technician at the location and veterinary guidance available only by phone.

The above described scenario does not meet the currently acceptable standards for emergency veterinary care at a

MISCELLANEOUS.

(b) Access and inspection of records and property.

A responsible adult shall be made available to accompany APHIS officials during the inspection process.

A field exercise was scheduled August 28-29, 2007 at Ft. Irwin, Range 21. I went to the base on the 29th at 0845 but no OEMS personnel were present. The Range Operation Officer also indicated that nobody has made arrangement to use Range 21. I called their headquarters in VA and was told that the location was moved to Escondido, CA, a good 5-6 hours drive from the base. I was also informed that change was made 2-3 days ago but nobody notified APHIS on this new location.
