**2.31** (d) (5)

### **INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).**

(5) The IACUC shall conduct continuing reviews of activities covered by this subchapter at appropriate intervals as determined by the IACUC, but not less than annually;.

\*\*In Protocol 105 section M requests if aseptic technique will not be used to identify the items. No items are listed rather there is only the statement "washed thoroughly every day" with no indication as to the items used aseptically or what solution and/or method will be used in the cleaning process. This needs to be further clarified in the protocol to allow the IACUC members to know exactly what is occurring in regards to the animals.

Correct by March 30, 2009

Exit interview conducted with the Director and inspector of record.
