Ball

Artist: Jeffery Larson

8 x 10 oil painting

Value: \$2,500

Donated by Jeffrey Larson, Michele Dillard

Jeffrey Larson's paintings create a sense of place, moment and intimacy with every detail, as he strives to paint "the amazingly simple passages of life." His beautifully efficient brush strokes and subtle handling of color variation have been compared to John Singer Sargent or Cecilia Beaux. Larson is also known for his ability to play with reflected or refracted light and cast shadow. In addition to being one of the most respected mid-career realist and impressionist painters in the country, he also happens to be one of the nicest people you could ever know!

Born in 1962 in Two Harbors, Minnesota, Jeffrey grew up in the Twin Cities, and was trained in the manner of the Old Masters at the prestigious Atelier Lack, a studio/school whose traditions and training methods reach back through impressionism and the 19th Century French academies. A reviewer for the *Minneapolis-St. Paul Star Tribune* writes, "After 25 years at the easel, Larson's hand and eye are so fluid that his paintings can appear to be the work of several artists."

Among the national and international awards he garnered last year was first place in the 25th annual still-life competition sponsored by *Artist's Magazine*. Additionally, Larson has been featured in articles in *Classical Realism Journal* (2001), *American Artist* (cover 2004) and the *Artist's Magazine* (cover 2009).

Wood Duck Drake

Artist: Andrew Denman

Value: \$450

"Wood Duck Drake" is a custom framed, signed and numbered artist proof of the original acrylic on board painting produced for the California Waterfowl Association as their 2004 Life Member Print. 850 were produced for the regular edition, available exclusively to CWA Life Members, plus 150 additional artists proofs of which this is #50.

Andrew's work has toured nationally with Birds in Art, the International Guild of Realism and the Society of Animal Artists, which has honored his art with Awards of Excellence on three separate occasions. Denman's work can also be found in the National Museum of Wildlife Art in Jackson, Wyoming, the Leigh Yawkey Woodson Art Museum, Wisconsin, and numerous private collections across the country.
