A man with glasses, wearing a light-colored button-down shirt and blue jeans, is kneeling in a vast field of green bean plants. He is holding a white bowl filled with beans. The background shows a long, straight horizon line under a soft, hazy sky, suggesting a rural farm setting.

A tru story.

*Tom Grebb, grower of
all-natural, sustainable beans
for Truitt Family Foods*

With Truitt All-Natural Chili, it's easy and economical
to meet customer demands for sustainable menu options.

Great Chili Starts with Great Ingredients.

Follow the story of Truitt Family Foods All-Natural Chili, and you'll find a bounty of wholesome ingredients carefully grown and raised by certified sustainable farmers. Our Food Alliance-certified ingredients include beans raised with responsible farming practices such as "no-till" planting and cultivation. Slow-simmered with fresh aromatic Oregon vegetables, spicy California chile peppers, and gourmet herbs and spices, these ingredients are combined to create a hearty comfort food your customers will feel good about savoring.

Why Truitt Chili?

- As the most menued soup item, Chili continues to grow in popularity on menus as a classic comfort food¹
- Chili is menued most frequently at lunch and dinner and is growing in the snack daypart

- Truitt shelf-stable pouch packaging will help simplify your kitchen process and significantly lower your food waste.

Simply Better

Available in Vegetarian, our all-natural chilis come ready to heat and serve in convenient shelf-stable packaging. It's an easy, affordable way to get sustainably sourced foods on the menu.

Our Commitment to Natural Products

Truitt Family Foods is committed to working with our suppliers to source the most wholesome ingredients available. As with Food Alliance certification, we are committed to continual improvement in our practices to retain the inherent goodness in our ingredients.

- Free of artificial preservatives, colors, flavors, and sweeteners, including high-fructose corn syrup
- No hydrogenated fats
- Minimally processed
- Ingredient statement is short, clean, and understandable

Truitt Family Foods

Nearly four decades ago, Peter Truitt discovered the secret to creating the highest-quality foods was simply doing the right thing. As it turns out, the right thing for our customers, employees, growers, and the environment is also right for your menu. As the first Food Alliance-certified processor in the country, Truitt Family Foods makes foods that can help make a difference for you and generations to come. To learn about our Oregon-grown fruits, vegetables, and entrées, visit www.truittfamilyfoods.com.
