

Student Petition

Dear Secretary of the Interior,

The African lion is headed for extinction. In the last three decades, the wild lion population has been cut in half. Please list the African lion as endangered under the Endangered Species Act (ESA). Protecting lions under the ESA would make it illegal to import lion trophies, parts, and products into the United States.

Please help lions before it's too late.

I want to help lions because:

Name _____ Age _____

City _____ State _____
