

Table It

Caring Kids KIND Club Bake Sale Today

12:00-1:00

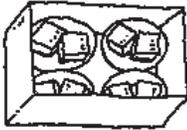

Proceeds will benefit the
East Lake Animal Shelter.

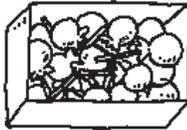

Paula has been asked to set up a table for her club's bake sale. The club will be selling six different goodies, each with a different price: 25¢, 50¢, 75¢, \$1, \$1.50, or \$3. Help Paula set up the table and price each item correctly.
Hint: Write what you know as you go!

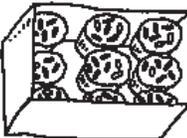

Sit Up 'N Beg
Cookies

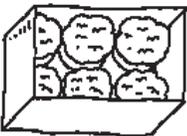

Bow-Wow
Brownies

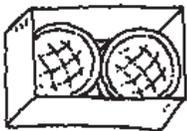

Lollipups

Cat's Meow
Cupcakes

Meowvelous
Muffins

Purrfect Pies

Treats that cost \$1 go in E.

Purrfect Pies cost the most money.

Bow-Wow Brownies go in C.

Items that cost 75¢ go below the brownies.

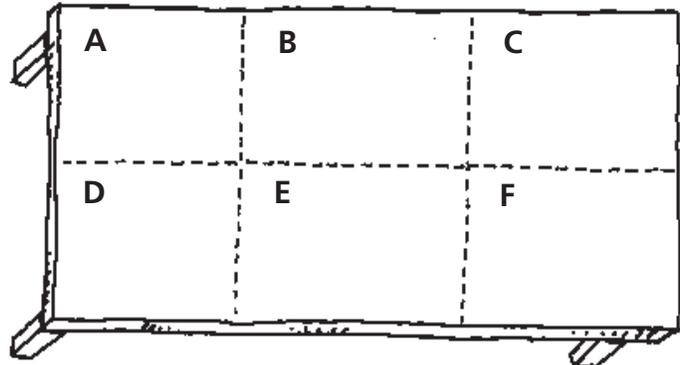

The least expensive items go in D.

If you gave Paula \$2 for a brownie, you'd get 75¢ change. That would be enough to buy your friend a cupcake!

The most expensive item goes above the least expensive one.

If you have only 25¢ to spend at the sale, you can buy a Lollipop.

The muffins go between the Lollipups and the cupcakes.

HOW CAN YOU HELP? Now that you've helped Paula, why not help a shelter near you? Organize a bake sale, car wash, or other event to raise money for the animals.

You're on the committee to publicize Paula's bake sale. Write a short article to appear in East Lake's local newspaper about the fundraiser. Be sure to explain who, what, where, when, and why in the article. Be persuasive—encourage folks to come to the sale and support the shelter.
