Petland in Kansas: Where Do They Get Their Puppies?

Petland claims that they only buy from breeders with “the highest standards,” but the Humane Society of the United States (HSUS) has found that they continue to buy from **known puppy mills** and **out-of-state brokers** that deal with puppy mills. The Kansas Petlands bought puppies from at least three major brokers which the United States Department of Agriculture (USDA) has cited for **multiple violations**.

A **broker** is a “middleman” animal dealer that buys puppies from many different kennels and puppy mills for resale to pet stores.

Mid-America: Cited for Small Cages and Incorrect Medications

This store also received shipments from **Mid-America Pet Broker, LLC** in 2009. Perfect Puppies: Cited for Buying from Unlicensed Breeders

The HSUS's 2008 Petland Investigation found that this store received shipments from massive puppy broker in Iowa, **Perfect Puppies**, which the USDA has cited for buying more than 500 puppies from unlicensed breeders in 2008. The licensee was also cited for buying more than 100 puppies in 2008 and 2009 from a breeder with more than 100 dogs who was related to the broker. The licensee falsely obtained a certification statement indicating that the breeder with more than 100 dogs did not require a USDA license, which he would have known to be untrue. This broker was also cited for inadequate pest control and other violations.

The store may also buy from other dealers.
