

Name:

W.K-2.1

Anniversary for Animals

The Humane Society of the United States is turning 60 in November!
For 60 years they have been making a better world for animals.

The HSUS works to

- **pass laws to make cruelty to animals a crime**
- **close puppy mills**
- **stop the killing of elephants for ivory**
- **make better conditions for farm animals**
- **free chimpanzees from labs**
- **and so much more!**

But there is much more to do. What do you think the world should be like for animals in another 60 years? Draw a picture of it below. Choose one animal, or several. Use your imagination!

Send your ideas to us at kindnews@humanesociety.org or mail them to
