SENIOR EDITION
RECOMMENDED FOR GRADES 5-6

Cats roam outside in most neighborhoods in the United States. Some are pets whose owners let them outside, but many are community cats, who may be feral or one-time pets who are now stray, lost or abandoned. They lead hard, and often short, lives when no one cares for them or provides them with medical care. The more we understand outdoor cats and the complicated issues related to them, the more effectively we can help them, reduce cat overpopulation and protect wildlife. In this issue, readers will meet two young girls who recognized a community cat problem in their town and put a plan into action to solve it.
