

BASIC MEDICINE FOR BEGINNING REHABILITATORS

This presentation is ideal for those who are interested in volunteering in our clinic, or for people aspiring to become a veterinarian or licensed wildlife rehabilitator. Topics include performing a proper physical exam; triage guidelines; basics of antibiotic selection and pain treatment; fracture and wound management; and an overview of some common medical cases seen at a busy wildlife center.

Hosted by:

South Florida Wildlife Center
located at
3200 SW 4th Avenue
Fort Lauderdale, FL 33315

Presented by:

Dr. Antonia Gardner
Staff Veterinarian and Intern/Extern Coordinator
South Florida Wildlife Center

Saturday, January 26, 2013

1:00 p.m. – 2:00 p.m.
